Fausto Márquez Cavallo

FULL STACK WEB DEVELOPER
7 YEARS OF EXPERIENCE
30 YEARS OLD – MONTEVIDEO, URUGUAY

About Me

I love well implemented technology at the service of society.

I'm always seeking for new interesting challenges from which to grow professionally; improving practices and learning new technologies.

I'm a fan of doing things right.

Experience

Currently working for GlobalUY

globaluy.com

Software consulting firm. I worked for several of its clients and parters, listing below:

Side projects and other ventures

Zalon

zalon.app

Healthcare and beauty scheduling and management platform.

Entirely designed, implemented, deployed and maintained by my team and I on evenings and weekends.

ViandasGo

It was a platform that connects food vendors and customers, enabling them to schedule their meals for the week.
My team and I designed, coded, and deployed the entire solution.

Due to time restrictions, we had to shut it down.

IT Education

Computer Engineering – UdelaR University, Montevideo, Uruguay.

Web Development - PuntoCom Institute.

Computer Repair and Maintenance Technician - PuntoCom Institute.

Computer Networks Technician - PuntoCom Institute.

Lots of online courses - Udemy, FreeCodeCamp, Platzi.
